IMA SENSITIVE 350 LABELLING MACHINE

Sensitive 350 is a completely automatic labelling machine, designed to apply self-adhesive labels on the body of cylindrical containers in glass, metal or plastic with a maximum speed of 350 pcs/min. Containers are fed and transported to the label distribution head by a belt conveyor with independent motorization and automatic speed synchronization.

Serial Number: 350 92 069

Year of Manufacture: 1992
