WEST ABF 300 BLISTER FEEDER

WEST ABF 300 BLISTER FEEDING MAGAZINE

The blister feeding magazine designed and manufactured by West Pharmaservices Ltd

- Precisely controlled by a servo motor.
- The unit can operate at 300 blisters a minute.
- The unit can be retrofitted to any make of cartoning machine.
- The unit uses rotating disc discharge wheels that can handle non standard blisters as well as good quality blister packs.
